TOP TIPS WHEN PLANNING YOUR CHILDS PARTY...

- Make sure you collect any allergy or dietary requirements we need to know about before your pre-party call
- We don't like to put a limit on the number of adults, however it's important to remember the party is ultimately for the kids and you will be assigned a space in the centre based on the number of children. Too many adults can lead to this space becoming crowded and spoil the party atmosphere. Our recommendation is to aim for 1 adult per child attending.
- Adults are welcome to drop their kids off in the centre and come back to collect at the end, however the children then become the responsibility of the party parents/carers.
- Siblings of invited guests are also welcome to come into the centre free of charge! Siblings that attend must be seated in the allotted party space (When they're not running around of course!)
- Want to bring balloons, decorations or have other plans to make your little ones day special? We try to be as accommodating as possible, but please let us know beforehand so we can plan appropriately!
- Need to reschedule your party? Please give us a message or a call, we will take you through the available options for rescheduling!
